FOR THE BENEFIT OF THOSE WHO HAVE NOT YET BOUGHT THEIR FALL MILLINERY

We will say, that at no time this season has our stock been so complete or so handsome. During the last few days many new styles have been added to our stock, and it is now fuller and handsomer than it will be at any time during the balance of the season. This is the most favorable time you will have during the season. The selection is larger, and the prices are lower, as we mean to make the millinery sales, during the next two weeks, the largest of the season. Don't fail to see the large stock and low prices.
